

# Rensselaer Mobile Computing Program “Trade-up” Laptop Agreement

- I want to **TRADE-UP** my current Mobile Computing Program laptop computer toward the purchase of the 2009 Mobile Computing Package, which includes the Lenovo ThinkPad W500 laptop, backpack, security and Ethernet cables, and iClicker.

I am trading in a  T60 – The purchase price will be \$1,575.  
 T61 – The purchase price will be \$1,425.  
 (check one)

I must return this form (Form E) and Form A – *Laptop Purchase Request* by Monday, July 27, 2009 so that a Fall 2009 Mobile Computing Package can be reserved for me.

I will return my current laptop computer to Rensselaer. If I do not return the laptop, I will be charged the full purchase price of \$1,825.

I understand the laptop computer must be in good working condition (with no stickers or engraving) and include the battery, CD/DVD drive, and AC adapter and power cord. Any needed repairs covered under warranty must be completed before the warranty expires. I may keep the backpack, Ethernet cable, security cable, and iClicker. <http://www.rpi.edu/laptops/laptops09/tradeup2009.html> has complete details.

*The prices above are based on a credit for your T60 or T61 laptop in good working order. We reserve the right to adjust the credit based on the condition of the laptop.*
