WAITING FOR THE BUS:

Schedule times can be affected by traffic and weather conditions, so you should plan to arrive at your bus stop about 5 minutes before the scheduled arrival time of your bus.

About Bus Stops:
Stand at the bus stop or in the shelter. Do not stand in the roadway or at the edge of the curb. CDTA bus stop signs are white with blue and gold trim. Each bus stop sign contains the number of the bus route that passes by that location. In general, bus stops are spaced about 500 feet apart. In the interest of safety, CDTA bus operators are instructed to pick up and drop off customers only at official bus stop locations. As your bus approaches, raise your hand to signal the bus operator. This will let the bus operator know that you want to board.

Identifying Your Bus:
To be sure that you are boarding the right bus, check the route name and number which is displayed on the large sign above the windshield on every CDTA bus. This is called the overhead destination sign. The route number and name on the overhead destination sign should be the same as that shown on the front cover of the bus schedule. The space on the far right-hand side of the destination sign will tell you where the bus is going. A sign over the passenger-side window will tell you the direction that the bus is traveling on that route. If you are not sure that you are getting on the right bus, ask your bus operator for help.
