Community Service Committee Meeting, 9/29/2010

**Habitat for Humanity**
- This past weekend, Habitat went to a Conference at Syracuse University.
  - Be sure to get Union approval next time, so they are aware and can take action if anything goes wrong while on trip. Also they may be willing to fund trip.
  - At the Conference, Habitat learned of a fundraiser called flocking. Buying Flamingos, or some other lawn marker, and placing them on someone’s lawn. H4H then asks donation for removal, and further donation if they want to revenge flock someone else. There is a fundraiser in the works.
