

RENSELAEER
Operating Fund and Change Fund Procedures
Effective October 26, 2010

Introduction

Operating funds and change funds will be made available to certain departments where a need is warranted (such as Student Union, Athletics, Residence Life, First Year Experience, and EMPAC).

Based upon the specific need an Operating Fund or a Change Fund will be established after approval by the AVP of Finance/Contoller.

Definitions

Change Fund

A Change Fund will function as a “change” box where cash is available for people to “make change” during an event (such as parents weekend for the Office of First Year Experience). These funds are signed out from the Cashier in the Bursar Office at the start of an event and returned to the Bursar Office the next business day after the conclusion of the event.

Operating Fund

An Operating Fund is established and maintained within the department on an ongoing basis and is replenished as needed. These funds will be established via a check issued to the custodian. These funds will be established for offices such as but not limited to the Student Union, Athletics, Residence Life and EMPAC. The funds are used for such things as:

- pay small expenses relating to on-campus events (such as paying ball boys in Athletics, giving funds to RA’s for dorm events, providing funds to student clubs/organizations as authorized)
- make change as necessary
- used to sell tickets to events
- used to sell merchandise

These funds are NOT to be used for purchasing Institute goods or serivces nor is it to be used as a petty cash fund for employee reimbursements. Reimbursements and purchases are limited to student clubs/organization activity and Resident Assistant type activities. All Institute administrative purchases must be processed through OSCAR as a requisition or a direct pay. Violation of this policy could result in the Operating Fund being closed.

Requesting Funds

To request funds, a department representative must complete an **Operating Fund and Change Fund Request** form and submit it to the Controller's Office for review and approval by the AVP of Finance/Controller. (see form below)
Requests must be made at least 10 days prior to the required date.

Change Fund Procedure

If the request is approved:

- for **Change Funds** the Director of Disbursement Operations will inform the Bursar Cashier Office and the requesting office if the request for funds were approved.
- The custodian will need to pick up a cash box from the Bursar Cashier's Office and sign a **Change Fund: Receipt of Funds Acknowledgement** form (see below).
- The funds received must only be used as intended.
- The full amount issued must be returned to the Cashier in the Bursar Office the next business day after the end of the event and sign a **Change Fund: Return of Funds Acknowledgement** form (see below).
- Additional funds taken in must be deposited at the Cashier's Office using a Deposit Transmittal Form found on the Finance web site.

Operating Fund Procedure

If approved:

- for **Operating Funds** the request will be returned to the requestor as authorized.
- The requestor must complete a Direct Pay Request in OSCAR attaching the approved memo as support.
- A check will be made payable to the custodian. The custodian must report to the Rice Building to pick up the check.
- The custodian must sign an **Operating Fund, Receipt of Funds Acknowledgement**, acknowledging the receipt and control of the cash. (see form below)
- The check may be cashed at HSBC in the Student Union or at the Cashier in the Bursar's Office.

- The funds must be maintained in a locked box or safe located in a secure area of the office.

Operating Fund Replenishment

An **Operating Fund Replenishment Request and Reconciliation** form must be completed, authorized and submitted through OSCAR as a Direct Pay to a Custodian of the Operating Fund. (see form below) Reconciliation and replenishment should be performed on at least a monthly basis. This process should be performed by the custodian of the fund and then reviewed and approved by the custodian's supervisor. Documentation of the reconciliation, approved by the supervisor should be submitted to the Controller's Office on a monthly basis (see form below.)

Operating Fund Reconciliation Certification

A certification is to be completed and submitted to the Controller's Office on the 1st work day of each month. The supervisor must review the reconciliation of the operating fund in his/her organization and certify that all funds are accounted for either in cash or with a valid original receipt. E-mail the certification form to Finance_Rice@rpi.edu. Failure to submit timely could result in the fund being closed. The certification form is included below in this document.

Operating Funds Maintenance/Audit

The fund will be audited by the Controller's Office at least once every six months.

Should the custodian discover that the fund contains an unexplained overage or shortage, it should be explicitly documented at the time noted. The custodian's supervisor is to verify the overage or shortage. The overage or shortage must be reported to the Controller's Office immediately upon discovery.

Stolen assets require a formal written report with the Public Safety Office. A copy should be sent to the Controller's Office to authorize charging the loss to the departments account in order to replace the fund.

The custodial department must provide a secure location with only the custodian having access. The alternate custodian will have access to a duplicate cash box key and the supervisor will have access to a duplicate file drawer key. Any similar security method is acceptable.

There must be an employee identified as an alternate custodian in the event of a planned or unplanned absence of the custodian. The following procedures are appropriate:

Unplanned absence:

- supervisor uses the duplicate file drawer key and the alternate custodian uses the duplicate cash box key to access the fund
- supervisor and alternate custodian count and reconcile the fund together and document results
- when custodian returns, the fund is counted again while the two custodians are present

Planned absence:

- custodian will give the alternate custodian the keys necessary to access the funds
- custodian and alternate custodian count the fund together
- when custodian returns, the fund is counted again while the two custodians are present

The custodian for the cash box must not commingle other funds within the cash box. Such personal/non-Institute funds must be maintained separately (such as; Coffee funds, postage funds, etc).
