Data Warehouse Tip Sheet

Install Interactive Reporting Web Client

Take the following steps to install the Interactive Reporting Web Client from your Windows 7 PC.

**Browser Requirements**

1) First, you’ll need Internet Explorer 8 (IE8). Internet Explorer 9 is not supported at this time.
2) Next, open IE8 and make the following adjustments:
   - Select *Internet Options* from the *Tools* menu
   - Click the *Security* tab, and then click on the *Trusted Sites* icon (Figure 1)
   - Now, make sure that *Enable Protected Mode* is not checked (Figure 1)

![Figure 1](image-url)
- Add the following as trusted sites:
  - Click on the Sites button (Figure 2)

![Figure 2](image)

- Enter each trusted site separately; click the Add button after entering each (Figure 3). Click Close when you’re done. Trusted site:
  - https://dw.rpi.edu

![Figure 3](image)

- Next, you’ll need to make an adjustment to the way IE8 handles menus.
- From the **Security** tab in the **Internet Options** window, select the **Trusted Sites** icon, and then click the **Custom level...** button (Figure 4)
In the **Security Settings – Trusted Sites Zone** window, scroll down to **Miscellaneous** and then click **Enable** under **Allow script-initiated windows without size or position constraints** (Figure 5).

- Click the **OK** button.
- Finally, click **Apply** and then click **OK** again to exit **Internet Options**.

**Figure 5**
3) Login to the EPM Workspace
   - EPM Workspace production URL: https://dw.rpi.edu/workspace/index.jsp
   - Enter your (existing) data warehouse username and password in the login page (Figure 6)

Figure 6
• After you login, you’ll be on the Workspace page
• Install the IR plug-in from this page:
  o Select Tools, and then Interactive Reporting Web Client from the Install menu (Figure 7)

Figure 7
- Begin the installation
  - If you see a warning regarding running an add-on, click OK in the warning window, and then click the warning message to allow it (Figure 8)

**Figure 8**

1) **Click OK**

2) **Click here**
After you click the warning message, if prompted, click Install This Add-on for All Users on This Computer... (Figure 9)
• Click Yes to any prompts from User Account Control regarding making changes to your computer
  o There may be two of these prompts: one from Oracle, and one from EPM
• The installation will take approximately 8-10 minutes to complete; the installation will display its progress (Figure 10)
• When the installation has finished, click OK (Figure 11)
