- Internet Explorer 7.0 will no longer be recommended after July 21, 2013. Firefox 3.6 and IE 6 are not recommended.
- Email approvals are designed to work with embedded browsers for Android, Blackberry, and IPhone/IPad mobile devices. Readability of emails varies based on email client and formatting selected.
- iPad is recommended by SciQuest, however not all Supplier punch-out sites will support use of this device.
- Although Safari is recommended by SciQuest, not all Supplier punch-out sites support this browser.
- **IE 10 Browser Compatibility using OSCAR**
  - Currently OSCAR is compatible and certified with the Microsoft Internet Explorer version 8, 9 and 10 browsers. However, some of the Supplier punch-outs do not operate successfully using Microsoft Internet Explorer version 10. If you have upgraded to IE 10, please utilize the compatibility view option in the IE 10 browser. The following outlines the simple steps you can take to set your Internet Explorer version 10 browser to utilize the compatibility view option.
    - Connect to OSCAR website and log on.
    - Click on the compatibility icon in your browser to access this site using “compatibility view”.
