August 8, 2016

Rensselaer has been notified by Capital District Physicians’ Health Plan (CDPHP) that Newkirk Products, Inc. (“Newkirk”) had a data security incident. Newkirk is a vendor that was retained by CDPHP to produce health insurance ID cards for members. The information potentially accessed by the data security incident consists of member name, mailing address, type of plan, and health insurance group ID number.

Please be advised that the data security incident did **not** include Social Security numbers, dates of birth, banking or credit card information, medical information or any insurance claims information.

This data security incident does not affect any systems maintained by CDPHP or Rensselaer.

Newkirk will be mailing notifications to all potentially affected individuals. We expect these mailings will begin today, August 8, 2016. In addition, Newkirk will offer two years of identity protection and restoration services through AllClear ID, at no cost to affected individuals. Information regarding this incident may be obtained by visiting [www.newkirkproductsfacts.com](http://www.newkirkproductsfacts.com) or calling 1-855-303-9773 (TTY/TDD: 711).
